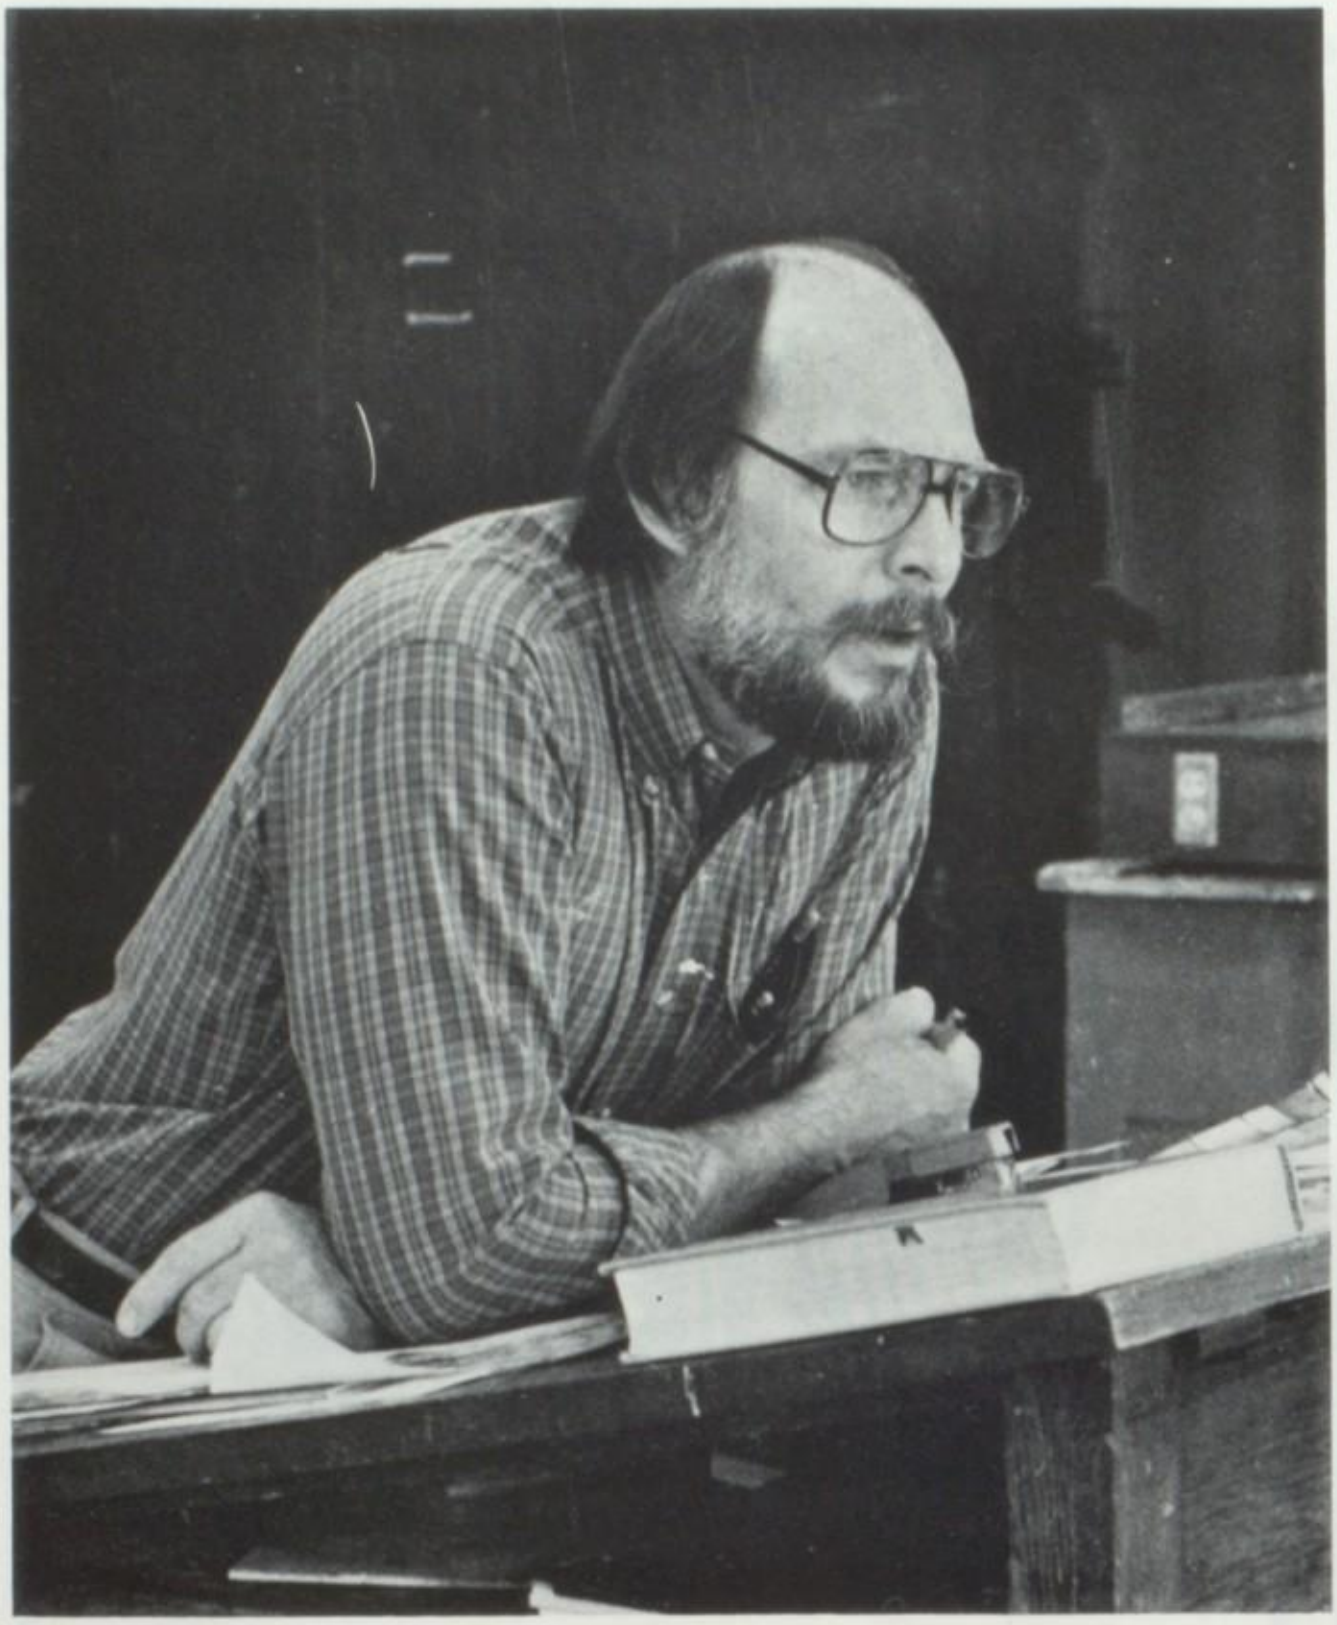
dedication



This year our staff has chosen a great guy for the dedication, Mr. Glenn Spillman. The staff this year has been through a lot. And through it all Mr. Spillman has been there to give us the extra push we all needed in the right direction. Whether it was a yell session or just to talk to us about being in the halls so much. But he's been there. Not too many people could handle all of the pressure, anger, frustration, craziness, and above all the nerve pills he had to have taken all year. What we are trying to say is, "Thanks Spillman for being you." In case you didn't know it, in case we didn't show it, we know you didn't blow it!
The Nor'Easter Staff

1984-85 NOR'EASTER STAFF

This years Nor'Easter Staff wishes next years staff and future ones all of the luck, patience and imagination they could ever dream of needing to help make their book one to be remembered forever.

VICE PRESIDENT: Debbie Sapenaro

1985

The moment we've all been waiting for, our "Senior Year," so much happened to us through high school. We've gone through so many ups and downs. All of us say, "I can't wait till I graduate." We don't really think about the great times we have had; but we will remember on day that these times were the greatest, and they went by much too fast. All of us have done a lot of growing up and when we get to be a "fantastic senior" just remember, "Nothing Gold Can Stay."

Principal

Stephen Brown,Jr.

Yearbook Staff: How do you feel the 1984-85 school year went compared to last year's?

Mr. Brown: It is very difficult to compare school years unless actual statistics are reviewed. At this point, the statistical data for the current year are incomplete. However, it appears that attendance has improved. With this improvement also comes overall grade point averages and improved test scores. In addition, the Student Adjustment Center, has caused a considerable reduction in out of school suspensions. General classroom behavior, however, has not shown the improvements we had hoped for as a result of assertive discipline efforts.

One of the brightest spots, among many, was the formation of the Student Response Team. This organization, which is comprised of student leaders who represent a cross section of our student population, has as its primary functions the mediation of possible problems before they escalate, and resolving conflicts between groups and individuals. This promises to be a key organization for the coming years.

Yearbook Staff: What improvements would you like to see made next year?

Mr. Brown: Obviously, the goals and objectives identified in our school improvement plan represent those things our school and community feel need improving. Many of which are mentioned above. There is presently being developed a partnership arranged with a private organization, which would provide we hope, up to sixty jobs for qualified students in the 11th and 12th grades next year. These jobs are designed so as to be a permanent type, consequently, special classes and on-the-job training programs will be designed to enhance student success. Most importantly, I feel the best fact is that students will be able to see a direct relationship between class work and the world of work.

Yearbook Staff: Do you have any comments about the Class of "85"?

Mr. Brown: The Senior Class of 1985 has many outstanding individuals. By comparison with other district schools, the eight students presently enrolled in the UMKC Math /.Science programs have made outstanding progress in this college credited program. Many within the class, have made outstanding progress both academically and athletically. There appears to be an unusually large number of seniors who are goal oriented and are working toward their goal, whether it is college, military, or entry into the work force.

By comparison, only after the June 3, commencement exercises will I be able to say for sure what I feel the maturity level is of the class, based on how well the ceremony goes.

honor roll lunch

Left to right: Mr Brown, John Ha, Tim Neaves Janice Hayes, Toung Van Tran, Susan Koenig, Kevin Brewer (not shown).

This year we had a special day where everyone who made the honor roll all three times the first semester got a free pass to leave school for lunch. Mr. Brown treated those students who made straight E's to pizza.

"TEAM TEAM TEAM"

The Viking Volleyball Express rolls on. 1984 was another great year for Viking Volleyball. This years team was a special group of dedicated hard working women who played with confidence and pride. They played hard and with determination that earned them the respect of the league.

The leadership provided by our four seniors and the emergence of four sophmores helped to make 1984 a good year. The team was lead by senior Captian Tracy Canty and senior Co-Captain Amy Carter. Linda Loper was also a welcome addition to our team. The powerful Viking offence featured Leah Banks, one of the best spikers in our school's history and Northeast's only three time Interscholastic League 1st team All Star.

The improved play of our sophmores helped us to contend for a league title. Dena DeShazer was an intimidating blocker or spicker and the first reserve off the bench. Cynthia DeShazer's soft setting helped her to earn "The Most Improved Varsity Player Medal". Pamela Pennington's agressive net play and powerful serve did not go unnoticed. She was voted onto the second team Interscholastic League All Star. Newcomer, Nichole Avis, a powerful spicker with a deadly serve was only the second sophmore in Northeast's history to be a 1st Team Interscholastic League All Star Selection. Reserves Renita Wright, Johanna Deschepper and Laura Chavez gained valuable experience and will be counted on next year.

The team was served well by managers Andrew Eyer and Lisa Mason. A special thanks to our scrimmage assistants Thanh Nguyen and Dien Nguyen

White letters, awarded to 4 year letter persons, were proudly presented to Leah Banks and Amy Carter.

boys varsity

The 1984-85 Boy's Varsity Basketball team consisted of several very talented seniors. Despite their need for some-one with real size, the Vikes did an outstanding job on the court. The team's competiveness, hustle, and style of play was not reflected by thier record. They finished with only 9 wins against 17 losses, but in nearly half of the games they lost this seasons, the Vikes lost to their opponents by 4 points or less, with 4 of in overtime.

To make up for their lack of size, this year Vikes had to relay on thier speed, quickness and perimeter shooting to defeat their opponents. Even though they appeared to play without enthusiasm and confidence, they did play with lots of determination and pride. These traits were ignited and led by Coach Charles Sanger, who served this year with a faithful, devoted, and valuable service and effort all his own. Coach Sanger says, "Despite this years shortcomings, he is looking forward to next year's season, when he will begin working with this years talented JV Squad."

This year's Pom pon Squad has accomplished alot. This year they went to camp in St. Cloud, Minnesota. The girls managed to achieve their goal by bringing back the 1st place HOME ROUTINE TROPHY from camp. They also received a 1st place trophy for the most spirited squad.

We are very proud of the squad because this is the first time ever the Northeast Pom Squad has received a first place trophy on a Home Routine.
